

Highprofile Poly

PVC Painted Shutters

Highprofile Poly is an entry-level PVC shutter range that offers a cost-effective alternative while maintaining the timeless look of classic timber shutters. Finished with durable 2-pac polyurethane paint, these shutters are not only stylish and affordable but also perfect for wet areas such as bathrooms and kitchens. Highprofile Poly provides an elegant, moisture-resistant solution for those seeking an upgrade from blinds or other window treatments.

Components

Material, Frames & Stiles

- PVC
- Select from L, Z, or decorative frames, and flat or beaded stiles to complement both modern and traditional homes.

Blades & Control Rods

Blade sizes and control rod styles come down to personal preference. The 89mm elliptical blade and Clearview control rods are the most popular choices for a sleek, modern look.

Blades

- Elliptical blade 64mm, 89mm, 114mm

Control Rods

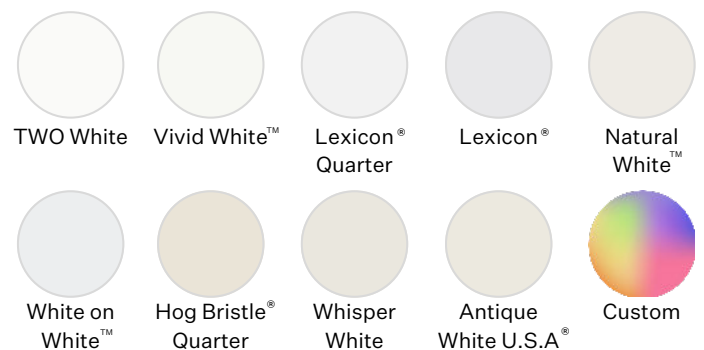

- Clearview
- Traditional Centre
- Offset 40

Installation Options

- Hinged
- Fixed
- Multi-fold
- Sliding
- Corner
- Bay
- Panel only

Finish & Colours

Highprofile Poly PVC shutters are finished with a premium 2-pack polyurethane paint, the same high-quality coating used in high-end cabinetry. This ensures a durable, smooth, and flawless finish that enhances both the look and longevity of your shutters.
